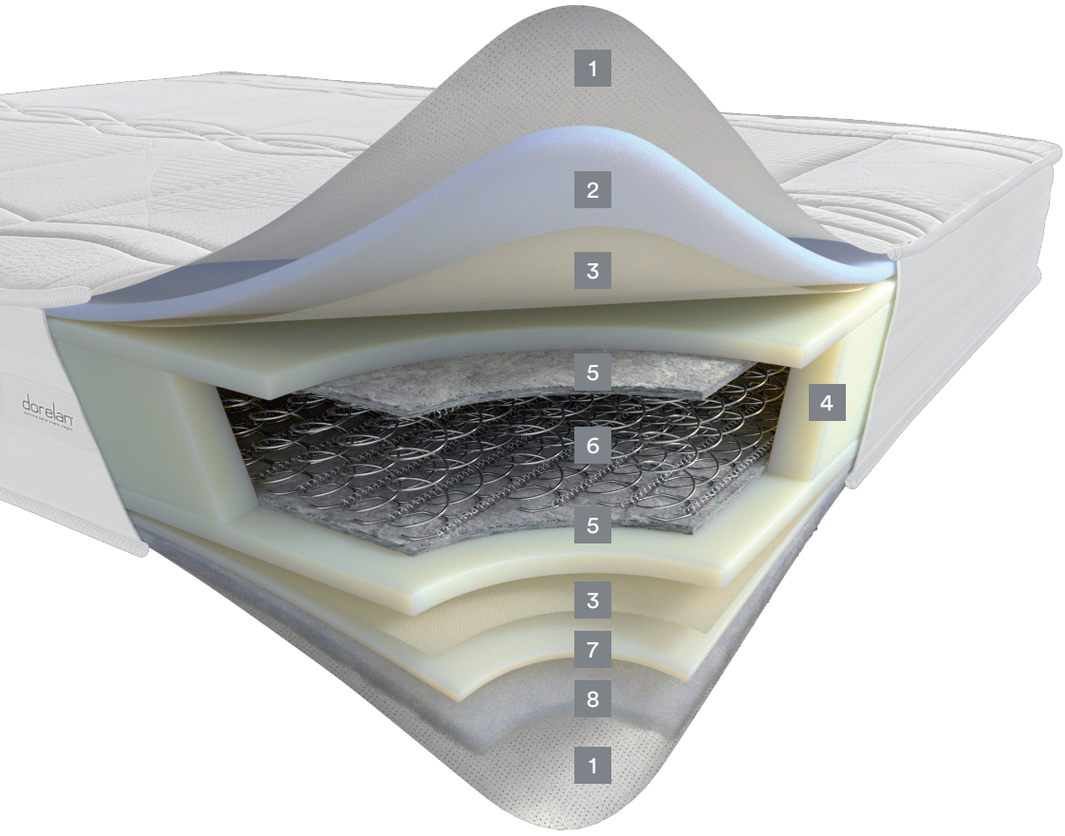
IGIENE GARANTITA PER MATERASSI E GUANCIALI®

- **Widths:**
  All widths are available from 70 to 200 cm at the standard cost indicated in our price lists.
- **Length and depth:**
  Lengths or depths are available from 178 to 212 cm at the standard cost indicated in our price lists.

Products with sizes larger than those above mentioned should be considered oversized products and they will have additional costs, calculated per square meter. You can find the extra cost in our net and public price lists.

DORELAN TECHNOLOGY



1. Viscose and polyester microfibre fabric
2. Myform Memory Clima
3. Highly resistant fabric
4. Box System
5. Reinforcement felt
6. LFK springs
7. Myform Extension Extra Soft
8. Cotton and polyester microfibre

LFK Interconnected Springs
A system of interconnected springs provides excellent support, elasticity and, thanks to reduced spring size, a precise anatomical action on every area of contact between body and mattress.

Compact Cover
Solid and resistant, perfectly balancing aesthetics and functionality thanks to the six hide-away handles integrated in the side band.

Fabric
Hygienic, breathable and comfortable thanks to the softness of viscose and the wash resistance guaranteed by the elasticity of polyester microfibre.

Padding
All the freshness and softness of Myform Memory Clima on one side, matched with the breathability of cotton and the elasticity of polyester microfibre on the other.

Fixed Cover
Excellent stability of cover over inner structure.
