- **Widths:**  
All widths are available from 70 to 200 cm at the standard cost indicated in our price lists.
- **Length and depth:**  
Lengths or depths are available from 178 to 212 cm at the standard cost indicated in our price lists.

Products with sizes larger than those above mentioned should be considered oversized products and they will have additional costs, calculated per square meter. You can find the extra cost in our net and public price lists.

## DORELAN TECHNOLOGY

- 1 Viscose and polyester microfibre fabric
- 2 Myform Memory Clima cm 1
- 3 Myform Memory Air cm 4,5
- 4 Myform Extension cm 8
- 5 Myform Air cm 5,5
- 6 Highly breathable polyester microfibre fabric

### **Myform Memory Clima**

Designed for positioning on the outermost mattress layers, thanks to a specific application that leverages nanotechnologies to maintain a constant contact temperature between body and mattress.

### **Myform Memory Air**

Thanks to its innovative molecular structure, it combines excellent adaptability to body shape with unbeatable breathability, guaranteed by the high level of porosity and open cell structure.

### **Myform Extension**

Elastic, breathable and provides excellent support, balance and solidity. Guaranteed duration over time, constant performance levels and high resistance to stress.

### **Myform Air**

Designed and built for use in warmer seasons, or for those in need of excellent breathability. The structure contains a high number of channels that guarantee the passage of air for all kinds of use.

### **Essense Cover**

Designed for those looking for a product that is easy to wash, fast-drying and ensures excellent reactivity of the inner mattress structure.

### **Fabric**

Two elegant combinations of viscose and polyester microfibre for a soft and silky touch on one side and maximum breathability on the other.

### **Removable Cover**

The zip fastening around the edge enables the cover to be divided into two parts, for easy and practical washing.
